SUBJECT: Family of National Intelligence Guidance Documents
and Other Materials

1. Attached, for the information of Working Group members, are the final versions of the Objectives, Perspectives, and Key Intelligence Questions. Readers of these texts will recognize that consumer inputs, as well as those of USIB Principals, were taken into account in the preparation of these papers.

2. Working Group members have been sent advance copies of A Guide to the National Intelligence Community's Production Organizations and Their Products. This was prepared by the IC Staff for the NSCIC Working Group and, consequently, at the next Working Group meeting the D/DCI/IC will seek counsel from the members on the desired distribution of this paper. Specific comments on this publication should be addressed to the Chief, Product Review Division, subsequent to the meeting.

3. In the near future we will disseminate a study of Intelligence Alert Memoranda prepared for USIB to the Working Group, for your information. This is in response to a recommendation by Mr. Morell.
